Main Activities Plan for FY2022

Competitions and sports promotion activities

- Through the holding of events such as archery competitions, this space will be used to improve awareness and enhance competitiveness for the sport of archery.

◎Archery competitions

National level competitions such as the national team qualifying trials organised by sports organisations will be held. (45 or more competitions per year)

◎Archery experience programs

Archery programs which will enable a wide range of young children, mainly elementary school kids, to experience the appeal of archery will be held. (Around 3 times per year)

Expansion of usage for a variety of sports

- Provide an opportunity for Tokyo residents to experience a variety of sports through utilisation of this facility.

◎Flying disc competitions

League competitions organised by sports organisations will be held.
(Scheduled for May, June, July, October, and November.)

◎Blind football class

A member of the Japan Blind Football Association will be invited to teach blind football to children, mainly elementary school kids, with the goal of expressing the appeal of the sport and promoting its spread.
(Around 3 times per year)

A place of relaxation for residents of Tokyo and multipurpose facility usage

- Using the expansive grassy field, further promote the appeal of this park through coordination with surrounding facilities.

◎Gourmet events

Food and drinks will be provided to facility and park users and other guests during certain events held in the park through catering services. (Around 3 times per year)

◎Regional art events

Events with a focus on art will be held for park users in cooperation with business in the surrounding area of Yumenoshima Park.
(Around once per year)
